

# Bloomfield on Square Lake

## Candidate Resumes

### **Malaz Atassi**

Dr. Malaz Atassi M.D, is an internal medicine physician at Beaumont Troy Hospital. I own a private group of 25 medical providers that cover multiple hospitals in southeast Michigan. Served multiple terms as chief of staff at Kindred Hospital. Served multiple terms on the school board of Beverly Hills Academy, Beverly Hills, MI. Served as board member on multiple non- profit humanitarian organizations currently and in the past. I'm honored to serve on the board of this association. My goal is to maintain the highest standards in our association with cheapest cost and improve the value of our properties.

### **Gerry Coyne**

I have only served on the Board for a few months, but I have learned a great deal of what goes into being a member of a condominium Board. While my work background has mainly been in the IT industry, I sit on other industry boards and I am aware of the challenges other industries are faced with, much like a condominium community. It is my position that the importance of meeting the needs of the community whether it is landscape improvements or building maintenance, is to ensure the association remains fiscally responsible to meet those challenges. I would be proud to use my experience to continue to serve on the Board of Directors for Bloomfield on Square Lake.

### **Jerry Howe**

I have previously served one term on the Board and did not seek re-election due to other family obligations. Since then I have remained active in an advisory capacity for special projects related to building and grounds maintenance. I would now like to continue that activity as a director on the Board. As our property ages, maintenance will always be necessary, therefore, developing plans and policies that will identify and address issues before they become serious are issues, I would pursue as a director. The value of our homes will remain one of my priorities. That includes both the integrity and appearance of the buildings and the grounds. I will show my appreciation for your support with the service I provide.

#### **Eman Kasabbashi**

Hello everyone, my name is Eman Kasabbashi. I live in unit 78C I moved to the community with my family last year.

I would love the ability to participate in the board, as I've really enjoyed living here alongside our neighbors in such a beautiful area. It would be a great chance to give back to the community.

#### **Rick Kedzierski**

Dear Co-owners of Bloomfield on Square Lake Condominium Association. I have put my name on the ballot for a position on the Board of Directors. I have lived at BOSL since 1998. I have served several terms on the Board of Directors. My goal as a Board member is to represent the co-owners of our beautiful community to the best of my ability. I want to maintain the beauty, peacefulness and serenity of our community. I have supported the new door and hallway renovation project. I responded positively to the petition of co-owners regarding the experimental lakefront wild area by voting to approve the modifications as requested by co-owners. One project that I support wholeheartedly is the repeated requests of co-owners to have garages built that would replace our present carports. I believe that the architectural and engineering projects should occur within the next 3 years. This project has been in limbo for several years. I believe it should be started immediately. One of the things I have been most proud of is my commitment to landscaping improvements at BOSL. Most of all, I pledge to represent the best interests of co-owners while serving on the Board. I look forward to serving this grand community.

#### **Mohammed Masri**

Dr. Masri joins McLaren Oakland and McLaren Macomb's medical staff with an extensive background in hematology and oncology. Most recently he served as Department Chair of Hematology and Oncology at Covenant Cancer Treatment Center in Iowa.

He is a member the American Society of Hematology and Oncology and the American Medical Association. Dr. Masri is an adjunct assistant professor at Des Moines University with over 20 years of teaching experience and work as Principal Investigator for Oncologic Clinical Trials.

Dr. Masri will be working at Karmanos Cancer Institute at McLaren Oakland Bloomfield Hills and McLaren Macomb Ted B. Wahby Cancer Center.

#### **Richard Merson**

I am running for another term on your BSLCA Condominium Board. I have served as the Board Treasurer and then as the Secretary since 1993. Representing the 'co-owners' has been a serious and rewarding position. A number of important improvements have been accomplished through our board's actions and the Highlander Group's operation. These include grounds beautification, all new building roofs, doorway canopy and window framing, entrée carpeting and painting, carport maintenance, installation of security cameras, renovation of docks and beach and maintaining the association's financial security and strength for the future.

I am a retired Speech-Language Pathologist from Beaumont Hospital and an Associate Professor at Oakland University William Beaumont School of Medicine. I have been privileged to work with an excellent Board of Directors and an outstanding management company (The Highland Group of Keego Harbor, M

I hope I have earned your support for another term.

#### **Omar Odeh**

My wife and I are proud Owners of a recently purchased condominium in the neighborhood and look forward to enjoying many years with our new neighbors. I am a Graduate Civil Engineer specialized in Construction Management, with a clear understanding of the infrastructure and its needs. I will leverage my engineering experience and knowledge in finance to promptly address the issues of the subdivision effectively and within a balanced budget the first time around. As we look forward to establishing ourselves in the subdivision and start a family, I believe that I can be a strong contributor to the betterment of the subdivision and to the wellbeing of its residents. I am energetic and able to devote the necessary time required to address all issues on hand and will strive to be a corporate citizen serving the association.
